Practice Areas

Personal Injury

Motor Vehicle Accidents

Concussions

Fatalities

Pedestrian & Cyclist Accidents

Serious Personal Injury

Slip & Falls

My degrees in neuroscience and health law help clients navigate the medical and legal aspects of their claims. 🗨️

Kristy practices in personal injury law, advocating for and obtaining resolutions for individuals who have sustained injury as a result of another's fault or negligence. Her extensive academic background in medical sciences has been a tremendous asset to her clients. She can decipher even the most complicated medical report and uses this knowledge to guide her clients through the litigation process.

Education
